

Health Departments Opens Additional COVID-19 Vaccine Appointments for Persons 65 Years of Age and Older

The Bradford and Union County Health Departments have received additional COVID vaccines and have opened more appointment slots for any qualifying resident wishing to get their first dose of COVID vaccine.

Vaccine candidates must be 65 years of age or older, will be required to show proof of age, will need to show temporary residence in Florida if from out of state, and WILL NEED AN APPOINTMENT in order to receive the vaccine.

Appointments can be made by calling or emailing either health department. Call volume is high so please be patient.
